## **LOOKING THROUGH OLD PHOTOS and sparking memories**

Do you have a box of photos you can look through? It is a great place to jog the memory. Where were they taken? Who else is in the photo? What memories do they evoke?

### **CAN YOU SHARE SOME OF THE PHOTOS WITH US?**

If you can digitise the photos we'd LOVE to see them. Here's a few tips...

- Take a photograph with your phone from directly above, and try to keep it as straight as possible on a plain background or a piece of white paper if you have some.
- If you have a printer / scanner then you can save them to your computer.
- If you are happy for us to scan them for you we can arrange pick up or a pre-paid envelope and we can scan and return them back to you.

### **DO YOU HAVE A MORE DETAILED STORY YOU WOULD LIKE SHARE WITH US?**

We are also looking forward to recording some people's stories for the archive. This could be a video recording or a voice recording. We will set everything up you just need to share.
